date.

CAUTION.—Gabriel T. May is not a car-  
rier of the Democrat, and we caution our  
patrons against paying him money on  
our account.

TERRELL AND ONE OF HIS MEN SHOT.  
We learn by persons who came from  
Shelbyville, that Terrell, the renowned  
guerrilla hunter, and one of his men by  
the name of Cheatham, was shot and  
wounded near Mount Washington on  
Wednesday afternoon. Terrell, Cheatham  
and another of Terrell's men laid  
down in the woods to take a nap, hav-  
ing been on their horses for some time. While  
they were laying there, as usual, some un-  
known parties made an attack upon them,  
firing several volleys. Terrell was wounded  
in the arm and side, and Cheatham in  
the thigh. The other man, whose name we  
did not learn, made his escape. No  
cause is alleged for the murderous as-  
sault. The affair created some little  
excitement in the vicinity of Mount  
Washington.

INDEPENDENCE DAY.—We take pleasure  
in directing the attention of our read-  
ers to the advertisement of the Fenian  
Brotherhood, announcing their first grand  
picnic at Woodland Garden, on the 4th  
of July next.

They have secured this magnificent gar-  
den for the day and are making most  
ample preparations for the occasion. It  
is easy of access and central, and yet  
abounding in shade and delightful walks  
that thousands will be sure to go to.

The programme of the entertainment is  
given, and there is a place for all to enjoy  
themselves.

SELLING CLOTHES TO SOLDIERS.—Some  
of our clothing dealers are in the habit of  
selling citizens' clothing to soldiers, and  
through this means they are enabled to  
leave the camps and make their escape.  
There is a law prohibiting this kind of  
business, and yesterday J. Davis was ar-  
rested for a violation of that law. He is  
now confined in the barracks. All of  
offenders against this order will be arrested  
and severely punished.

DR. HUNTER ON CATARACT.—The second  
in the series of Dr. Hunter's letters will  
be found in our columns to-day, and  
should command a careful reading. Dr.  
Hunter is now in Louisville, and has  
opened an office at 508 Fifth street, between  
Green and Walnut streets, where he can  
be consulted personally or by letter, on all  
of the diseases embraced in his specialty.

MALE HIGH SCHOOL COMMENCEMENT.—The  
seventh annual commencement of the  
Male High School will take place at  
Masonic Temple, to-night. The exercises  
will begin at precisely 8 o'clock. All who  
wish comfortable seats should go early.

CITIZENS' CLOTHING.—Soldiers are not  
allowed to purchase citizens' clothing  
without a permit, and dealers are con-  
stantly on the lookout for parties violat-  
ing the order. Before selling to soldiers,  
dealers should see the permit.

ARRESTED BY THE SHERIFF.—Yesterday  
Deputy Sheriff Samuels arrested Charles  
Clarks and Dick Stewart, charged with  
robbing a gentleman in the county of 15\$. They  
are now safely lodged in Castle  
Thomas.

RESIGNED.—Judge Houston, of the Su-  
preme Bench, resigned on Monday. His  
reasons are, we believe, the paucity of the  
pay as judge, and an intention to remove  
to Louisville. His resignation is regretted  
by very many.

W. W. SCOTT GLORE has our thanks for  
Frank Leslie's Lady's Magazine for July,  
which, with other choice literature, he  
has for sale at his store, corner of Third  
and Jefferson.

THE stench from piles of filth and  
pools of stagnant water in certain locali-  
ties, some of which are quite central, is  
exceedingly offensive.

BARRACKS.—Three deserters were  
yesterday arrested and confined in the  
Barracks; also two citizens for selling liquor  
to soldiers, and eleven drunken soldiers.

A man by the name of Pat Dugan  
was arrested yesterday for selling liquor  
to soldiers. He was sent to the Bar-  
racks.

C. T. Deering, at No. 321 Third  
street, has received Frank Leslie's Lady's  
Magazine for July—a super number.

Mr. J. L. Jones, messenger of the  
Adams Express Company, will accept our  
thanks for late papers.

The city was unusually quiet yes-  
terday, with nothing unusual occurring  
on our streets.

Passes were issued yesterday to  
nearly eight negroes who are in search of  
freedom.

SIX PERSONS yesterday took the  
oath of allegiance before the Provost  
Marshal.

Yesterday a lot of soldiers were  
caught while in the act of attempting to  
desert.

POLICE PROCEEDINGS.—Thursday, June  
25.—Mary Jones, drunk and disorderly;  
discharged.

John Brown, drunk and disorderly;  
fined \$5.

Jno. Davis, a fugitive from justice from  
the State of Tennessee; continued until  
Saturday.

Mary McGaugh, and Nora Coleman,  
disorderly conduct; each held in \$20 for  
six months and fined \$10.

Polly Ann Taylor, a free negro, as-  
suming \$20 from Jas. Geil, \$200 to answer.

Ed. Buel, suspected felon; \$200 for three  
months.

Alfred Townsend, stealing tickets worth  
over \$4 from the steamer Potomac; dis-  
charged.

Three warrants were disposed of;

## FEMALE HIGH SCHOOL EXHIBITION.

INTERESTING EXERCISES—LIST OF GRADUATES.

## Dr. Hunter, of New York, on Catarrh.

LETTER NUMBER TWO.

To Dr. GORDON of Louisville, Kentucky.

The public schools of our city have been  
in operation for a long time, and since  
they were first established they have been  
conducted on the very best plan, no  
branch of education being omitted. At  
first the highest point to reach was the  
grammar department, but those interested  
in education determined that our pub-  
lic school system should be as complete  
as any in the country, and consequently  
some eight years ago a male and female  
high school was created, where every  
branch taught in the best colleges in the  
country would be taught to those who  
were unable to pay for a collegiate edu-  
cation. When the schools were first es-  
tablished the best professors were en-  
gaged, and such scholars of the public  
schools as were able to pass the examination  
were admitted to the high schools. Since  
these schools were first established a large  
number of persons, both male and female,  
have graduated with the highest  
honors, and some of them now stand at  
the head of the professions which they  
have chosen. The great advantage to be  
gained by this plan of education is that  
all who are willing to study can advance  
with rich or poor, high or low, and no  
matter what position pecuniary circum-  
stances have placed them in life, they are,  
through the free agency of the mighty  
lever education, able to ascend to the very  
highest round in the ladder of fame. The  
friends of education have always viewed  
the progress of the scholars of our public  
schools with pleasure and pride.

When the high schools were first started  
it was conceived that a male and female  
high school would be a success, but the  
first game was between Brunswick,  
Ackerman, and Cincinnati, and McCracken,  
of Indianapolis, which was won by  
the former, who scored 235 points to his  
opponent's 144. Forty-seven, which was  
the largest run, was made by McCracken.  
The average was 8½.

The second game was between Bruns-  
wick, of Cincinnati, and Turner, of Covington.  
When the game was called, the count stood:  
Brunswick 250, Turner 191.

Brunswick made the largest run, which  
was 47. The average was the same as in  
the former game.

The third game, between Ackerman, of  
Cincinnati, and Brown, of Nashville, was  
won by the former, who scored 230 to his  
opponent's 88. The average in this game  
was 11½-21.

Next on the list was Turner and McCracken,  
the former winning by 38 points.  
During this game McCracken made runs  
of 61 and 57. The average was 9½-27.

The fifth game was between Brown,  
of Tennessee, and Brunswick, of Cincinnati.  
In this game Brown was the winner by  
42 points. The largest run, 32, was made  
by Brown. The average was 5½-10.

The sixth game was contested by  
Ackerman, of Cincinnati, and Turner, of  
Kentucky. When the game was called, it  
stood, Ackerman 250, Turner 85.

The largest run in the game was 41, which  
was made by Ackerman. The average  
was 10-23.

In the seventh game Brunswick and  
McCracken were the contestants. At the  
close the game stood 251 for Brunswick and  
151 for McCracken. The average was  
6-27. The largest run, 33, was made  
by Brunswick.

The eighth game was between Mc-  
Cracken and Brown, which was won by  
the former, who scored 230 points to  
Brown's 180. The largest run, 33, was  
made by McCracken. The average was  
10-23.

The tournament last night was well at-  
tended, and we noticed several ladies as  
spectators. The game between Messrs.  
Kavanaugh and Foley was fine and well  
contested, but the former winning. The  
next game was a match game for the  
watch offered for the best player, and was  
played by Messrs. Brunswick and Ackerman,  
the former beating the latter three  
points out of 250. This afternoon, at 2  
o'clock, the deciding contest for the prize  
will take place between the two last enter-  
tainers, and we hope to see a full attendance.  
In the evening, at 8 o'clock, there  
will be a match game between Dudley  
Kavanaugh, of New York, and Mike O'Leary,  
of Detroit, of 300 points up. Other  
professionals will be present, and we look  
for several well matched games.

## THE BILLIARD TOURNAMENT.

THE PLAYING FOR THE WATCH.

The contest for the championship of Kentucky  
having been concluded on Wednesday  
evening, the playing of amateurs  
from every State for the fine gold watch,  
valued at \$500, and offered by Mr. Fletcher,  
was commenced. The attendance  
during the afternoon was not as large as  
we expected to see, but those that were  
present highly enjoyed the sport, as some  
of the games were well played, many dif-  
ficult shots being made with precision.

We understand that Mr. Turner, the  
winner of the champion cue, has chal-  
lenged Martin Miller to a game of five  
hundred points up for five hundred dollars,  
but as yet no answer has been re-  
ceived.

The first game for the watch was be-  
tween Ackerman, of Cincinnati, and McCracken,

Expedition through Ga. and Miss.

N. Y., June 22.

The Herald's Washington special says the expedition recently sent to the Wilderness to reinforce and recruit the great mass of those who had been there, have accomplished the work, and yesterday returned to the city. The whole affair was under the charge of Capt. J. Moore, Acting Quartermaster General, and Captain of General Hancock's of the First Corps, under command of Colonel Bird, were employed in this duty, which they performed with much credit, to the entire satisfaction of their commanding officer on the 17th inst., and were continued without interruption until last Saturday, when their sad duty was completed.

They made reconnaissances on the extreme right, and marched around to the left. All bodies which had not been properly buried were reburied, and in all cases where the graves could be identified, neat headstones were placed, with names over them, with the name and regiment inscribed upon them. Carpenters and

— were taken along to do the work painted, — and those who had been promptly buried were identified and hundred graves — it was impossible to mark them, as most of the U. S. soldiers, unknown. The remains were found not properly interred, were placed in caskets, and were transported to the city. The whole party, however, was composed of men who had been engaged in the work, and were

so far advanced in their operations that they were marked in some cases so obliterated as to render their identification almost impossible.

Great irregularity exists in compiling lists of names, for the purpose of naming and allegiances. One hundred and nineteen were received in the State Department, to-day, containing vital omissions in a large proportion of cases. The names of persons is partially omitted. Such omissions are held to invalidate the oaths in many cases, and the applicant suffers from delay. The insertion of the place of birth, residence, and parents in the soldier's proclamation, but it never should be omitted.

The General Land Office has received a list of lands, selected at the Land Office of New Orleans, by the contractors of the Central Pacific Railroad, as tiring to said company under the grant of July 1, 1862, and July 25, 1864, in the construction of the road, amounting to 55,929 acres. The selections were duly certified to by the registers and receivers as free from conflicting claims, and subject to selection under surveying, &c., and duty to the Auditor of the Assistant Treasurer at San Francisco, as required by act of July 2d.

The appointment of Mr. Van Dyck as Auditor of the Treasury. He is expected to enter upon the discharge of his official duties on Monday next.

The Tribune's special says: In accordance with the terms of the contract ordering no more than three cent notes to be issued, Secretary McCulloch has, on his own responsibility, directed the issue of five cents to meet the wants of bringing into circulation the nickel coin of the country, which, it is believed, has been hoarded to a great extent.

NEW YORK, June 22.

A copy of a report of the rebel Congress, addressed to Union prisoners, has been found and is published. Though the report bears evidence of having been carefully forged, as to excuse and deny the facts, the documents which are revealed to prove the systematic cruelty charged upon the rebel authorities.

CAIRO, June 22.

An arrival from New Orleans brings 920 barrels of cotton for St. Louis.

Matamoras dates to the 15th are to the effect that the defeat of the Negroes, after an unsuccessful attack, was confirmed. He is reported to have lost seven hundred killed and two thousand taken prisoners.

The Matamoras Commerce says Grierson is carrying up old arms in the United States.

There are plenty of good Matamoras waiting a market.

The Tribune reports the ex-President of the ex-Republic of Mexico compelled to fly to Puebla, reported by Carvalos and Quesada, with some cavalry, on the approach of troops under General Aguirre, which occupied Chihuahua.

There had been some shooting from the right to the left bank of the river, in which the town of Chihuahua, Mexico, stands, and at Victoria, Cruz, on the chief ferry landing from Brownsville, Texas, near being killed, by shot fired to ascertain what the sentinels were stationed on the opposite side.

The Commerce asserts that ten Americans were engaged in the attack, which was deliberately and wantonly made.

It is also asserted that Gen. Mejia made no immediate resistance on the subject, nor yet any reply, as yet has been made by Gen. Brown.

Captain Page and the officers of the Spanish government, to Mexico, to offer their services to that Empire, must suade the Imperial Government to purchase the ram Stonewall. The French Admirals goes with them for the same purpose, as well as the ram, which can defend the Mexican coast against the whole American navy.

Grierson's cavalry have arrived at Vicksburg, and will, in due time, place their campaign through the States of Florida, Alabama and Mississippi.

The expedition passed through the portion of Alabama and Mississippi, never before visited by a Northern army, and report the interior of those States in a most prosperous condition. They report seeing hundreds of thousands of bales of cotton, while the owners were anxious to take market.

There will be a large crop of cotton this year, as thousands of acres which had been planted in corn, were plowed up and sown with cotton. The crops are looking very fine.

NEW YORK, June 22.

We understand the introduction of the telegraph lines at the South, and the pressure of official business, is such that the transmission of the news from the South to the North will not be practicable until the middle of July, soon after which the Associated Press will be able to resume its relations with the Southern States.
